ABOUT SIF HOLDING N.V.

Sif is a total solutions provider for design engineering and excellent manufacturing of offshore foundations for wind farms, including logistics and marshalling services. Sif traditionally serves the North-Western European markets and is exploring its global presence. Sif combines two highly automated and flexible production facilities in Roermond and Rotterdam (Tweede Maasvlakte) with technology leadership in rolling and welding of heavy steel plates, which is based on 75 years of experience and innovative in-house developed techniques and processes. Sif primarily produces monopiles, transition pieces and piles that are used to anchor jacket foundations in the seabed for offshore wind turbines.
